

DBIA-Iowa Breakfast – Prefabricated Construction

Please join The Design-Build Institute of America, Iowa Chapter (DBIA-Iowa) for a discussion of using prefabricated components to save money and speed up construction. Ryan Tousley Business Development Manager at The Weitz Company will talk about their experience using prefabricated bathrooms at the new Des Moines Hilton Hotel. Here is an interesting [article in ENR Midwest](#) talking about the other prefab processes, modeling, and design-build contracting used in the project. We look forward to learning more!
