

February Program

Fundamentals of Design-Build Pursuits

Almost half (44%) of U.S. construction dollars will be spent on design-build projects. Design-build is the best performing delivery system for both cost and schedule. But what are the best ways to launch a design-build project or become part of a design-build team?

Join us on February 13 to hear from some of KC's finest owners, architects and design-builders as they discuss their industry experience and share strategies and insights on design-build pursuits.

Moderator

Margaret Bowker – JE Dunn
