

Design-Build and the Corps of Engineers

Insights from Two Mega Projects

Please join DBIA-STL for an informative program on the U.S. Army Corps of Engineers' evolution of design-build and its use in the delivery of two mega projects in the region: Next NGA West and the Fort Leonard Wood Replacement Hospital. Project leaders will share insights on the decision to use D/B approach for these large projects, the best practices that prepared the teams for success, and the lessons learned for future D/B projects.

THE ESSENTIALS

Date	September 25, 2019
Time	7:30am-9:00am
Location	The Engineering Center of St. Louis
