

An Introduction to Progressive Design-Build

A Wastewater Case Study using this Advanced D/B Method

The implementation of design-build solutions for public municipalities in the State of Missouri continues to expand! DBIA-STL is hosting an introductory program on the use of Progressive Design-Build. Burns & McDonnell will provide an overview of how this newer approach to design-build is being successfully leveraged in Trenton, Missouri to deliver wastewater treatment plant improvements in the face of regulatory, budgetary and scheduling constraints.

THE ESSENTIALS

Wednesday, October 23 • 7:30-9 a.m.

The Engineering Center of St. Louis (Engineer's Club)
4359 Lindell Blvd, St. Louis, MO 63108
