

Grant Avenue Parkway Corridor Improvements

Panel Discussion:

The City of Springfield is doing their first Design-Build Project on Grant Avenue Parkway (GAP). The City's vision for Grant Avenue Parkway is to create a corridor that delivers improved quality of life through community revitalization and economic development, with an enhanced transportation system focused on alternative modes and connections.

Panel Members: Leree Reese and Tim Rosenbury, City of Springfield; Sabin Yanez, CFS Engineers and Ben Cummings, Radmacher Brothers Excavating
 GAP Collaborative, Moderator-Steve Prange, CMT
