# • TACKY SWEATER • DESIGN CRAWL

## DECEMBER SECOND | WICHITA, KS

AIA, ASHRAE, DBIA, IIDA, PGASLA and NAWIC invite you to attend a Tacky Sweater Design Crawl. We'll crawl between three locations and network with other professionals in the Wichita design community along the way. There will also be a bus to get from one location to the next for those that don't want to "crawl." Each stop will have food and drinks! Thank you in advance to all of our host stops!

A \$25 donation to benefit Giving the Basics Wichita gets you in the door to three design industry locations with food, drinks, raffle items (additional tickets available for purchase to increase your odds), and reindeer games. Bring a personal hygiene item for donation to receive a bonus ticket upon entry. Feel free to join us at any point in the evening. There will be a trophy for the person voted to have the Tackiest sweater at our last stop. Tacky holiday sweaters, while encouraged are optional. See the schedule below for locations and times.
