### UPCOMING EVENTS

May – Architectural Walk

Please join us for a presentation and tour of the new office, training center and workshop for the ISU Research Park, and their Tenant, Pivot Bio. The building will include precast concrete wall panels and structural steel, with a membrane roof, and will provide two 10,000 SF floors of office and training rooms, and a 16,000 SF workshop/training center. Its mechanical systems are mainly rooftop units. Completion is expected to be Fall 2023.
