\$30.00 Guest
\$10.00 Students/Educators

UPCOMING EVENTS

October 18 – TBD
December 14 – Holiday Happy Hour
@ Mission Taco Joint – Downtown
Kirkwood with MetroWire Media

The right trade partners are directly tied to the success of a project. In this session, PARIC's Drew Siebert will outline the advantages of selecting design-build trade partners early, as well as best practices during the selection process. Design-build vs. design-assist considerations will also be addressed, and icon Mechanical will bring the trade partner's perspective to the discussion.
