Come join the local DBIA chapter for our spring social event and check out the newest brewery, SingleSpeed Brewery near downtown Des Moines. This is a great opportunity to meet current DBIA members and find out more about the organization and how you can get involved.

Along with the social hour, SingleSpeed will be taking the group through a quick tour of the brewery and have a brew master on staff talk about their beer offering and brewing process.

Two drinks and light appetizers are included as part of the registration fee. We hope to see you there!
