[REGISTER HERE](#)

Upcoming Events:

May (Date TBD) – Architectural Walk
June (Date TBD) – DIRT Lunch and Learn @ Mercer Zimmerman
Sept. 5th – DBIA Golf Tournament

Please join DBIA Iowa and the ISU DBIA Student chapter for a tour of the Iowa State University Kent Feed Mill and Grain Science Complex in Ames. The complex features an educational building, pilot plant, milling tower, pelleting plant, and steel grain storage with handling and drying system.

This will be a great opportunity for students and industry members to tour a Design Build project that brings a unique combination of agricultural, industrial, and institutional building types.
